

## RoHS Declaration of Conformity

The 2015 Restriction of Hazardous Substances Directive (RoHS) (in the amended version - Directive 2015/863) implements the provisions of the European Parliament and Council's directive on restricting the use of certain hazardous substances in electrical and electronic devices (RoHS 3).

These directives have been in effect since 22 July 2019 and stipulate that all new electrical and electronic devices within certain product categories (with some exceptions) brought onto the market may no longer contain the following chemicals in quantities over the specified concentration levels.

Lead (Pb)

Mercury (Hg)

Hexavalent chromium (Cr VI)

Cadmium (Cd)

Polybrominated biphenyls (PBB)

Polybrominated diphenyl ethers (PBDE)

Bis(2-ethylhexyl) phthalate (DEHP)

Butyl benzyl phthalate (BBP)

Dibutyl phthalate (DBP)

Diisobutyl phthalate (DIBP)

Within the framework of this EU Directive, and based on our current knowledge, we can confirm that goods delivered by us are compliant with RoHS.

C.Ed. Schulte GmbH Zylinderschlossfabrik (CES) is working closely with both its suppliers and customers to ensure complete compliance with the RoHS directives.

If you have any further questions, please consult your contact person in Sales or use this e-mail address: [vertrieb@ces.eu](mailto:vertrieb@ces.eu).
